

Science and Fine Arts Fair Concert

Saturday, November 6, 2010 @ Luther High School

Both Bands

- We are not playing anything with a choir this year so much of what we do on the day of the concert will be much easier than in the past. We will have our normal rehearsals on Friday, November 5. We will meet in our respective rooms at 10:15 on Saturday to get warmed up and tuned before we play.
- If you have a spelling bee or chess tournament or something else you are involved in at 10:15, finish that activity and get to the warm up room as soon as possible. The concert is scheduled to start at 10:45, but we won't start the concert until everything else has finished.
- I also need some volunteers to introduce our songs. Come talk to me after rehearsal if you'd like to do this. I have introductions written out for you and will give them to you to prepare for the concert. If we get more volunteers than we have songs, then we'll have some of you introduce songs for our Spring concert.
- After the concert – please take your music home and erase any marks you have made. Bring all of your band music to your next lesson to turn it in. Any lost or damaged music will be replaced at your expense.
