Percussion Students and Parents,

Several years ago we started a new program for our percussion students. The goal of this program is to equip each percussionist with a good amount of equipment which will allow him or her to do many things on many different instruments. Each first year student will be required to purchase a starter kit which will contain a stick bag, a solid pair of general use drum sticks and a pair of mallets that will be usable on various keyboard instruments. Each year after that, one or two items will be added to the kit, resulting in a complete package.

In the chart below you will see the items that are needed, what they can be used for and the discounted price for each item. If you already have some of the items or think you have something that may work in its place, please contact me to make sure. I have indicated below which items you will need this year. Please detach the order form below and return it with all monies by Friday, October 1st, with any checks written out to Luther High School. All of the equipment will be handed out at our first rehearsal at Luther.

If you have any questions about this program or anything else, please feel free to contact me.

God's blessings!

Nate Amundson

----- Please detach the bottom portion and return it with your payment -----

Student Name:

School:
