FOR IMMEDIATE RELEASE:

Wisconsin Religious and Independent Schools Accreditation Announces the Accreditation of Luther High School.

The Board of Directors of the Wisconsin Religious and Independent Schools Accreditation (WRISA) proudly announces the accreditation of Luther High School located in Onalaska.

Luther High School complies with the WRISA educational Standards and is a member in good standing. “We applaud the accomplishments of the Luther High School community and its commitment to ongoing school improvement and high standards of excellence,” remarked Beatrice Weiland, WRISA’s executive director.

Schools must complete a comprehensive year-long Self Study during which time they examine every aspect of their educational program. The following year, a team of peer educators conducts an onsite visit to validate the school’s Self Study and verify compliance with the WRISA Standards and Quality Indicators. The school develops a Long Range Plan for school improvement based on all recommendations identified by their Self Study Team, the Visiting Team, and all other goals determined by school leadership. After reviewing these reports, the WRISA board of directors determines the accreditation status of the school.

Schools that are accredited enter a seven year cycle. During that time, they submit Annual Reports to the board of directors that detail their progress in meeting their yearly goals. In the sixth year of their cycle schools conduct a new Self Study. This is followed by another Site Visit and the submittal of a new Visiting Team Report and Long Range Plan to the WRISA board of directors in the seventh year.

For more information and a complete listing of schools, visit the WRISA website: www.wrisa.net.

WRISA is a state chapter of the National Federation of Nonpublic School State Accrediting Associations (NFNSSAA).
